

## KIWI FARMS

A.K.A. The den of douchebags.

[Kiwi Farms](#) is a website dedicated to tormenting people “for the lulz”. These are people so pathetic that their main joy in life is derived from harming others. Here we have documented some of their “exploits” and one of their members who was so sure of her privilege she put identifying information all over the Kiwi Farm forum.

Meet [Ttoria Ann Pinter](#). A.K.A. [intothevoid](#).

She a self-proclaimed defender of the [Romani](#) who seems to have no issue associating with the [racists](#) of Kiwi Farms. Since July 2014 she has taken part in [many different threads on the site](#). Ttoria tied herself from [Facebook](#) to [Kiwi Farms](#) by posting screen captures of [friends only Facebook statuses](#).

Take a look at just a few of the threads this site hosts.
